Lakefront Scholarship Guidelines 2018/2019

To be eligible for the Lakefront Scholarship, applicants must meet the all of the following criteria:

1. Must be a high achieving, highly motivated graduating student from Cobourg Collegiate Institute or St. Mary Secondary Schools.
2. Must be accepted into a two/three-year post secondary diploma level education in one of the following disciplines at a post secondary institution.
 - Power Engineering Technician
 - Electrical/Electronic Technician/Technology
 - Electrical Techniques - Instrumentation and Control
 - Water Quality Technician
 - Renewable Energy Technician
 - Energy Audit Technician
 - Environmental Technology

Only complete applications will be forwarded to the Lakefront Scholarship Committee for consideration. Each application must include the following items:

1. Completed Lakefront Scholarship Application form.
2. Copy of current high school transcript and most recent grade report.
3. Resume and/or other documents highlighting academic, employment, volunteer, and personal achievements.

Scholarship Applications must be submitted to the Guidance Department by June 1, 2019

Recipients of the first year scholarship will be eligible to receive second and third year scholarships in the amount of \$1,000 each, providing the recipient meets the following qualifications:

- Be currently enrolled full-time in the eligible course that was provided in initial application for the Lakefront Scholarship.
- Be working toward a 2 or 3 year college diploma.
- Have a cumulative 70% average for all college course work to date.
- Grades and proof of school registration must be received by Lakefront Utilities before funds will be released.
- Depending on available positions, end of term marks and level of commitment, scholarship recipients could be eligible to compete for Lakefront summer employment opportunity.

Applications for summer employment must be received before February 1, 2019

Please submit scholarship application to:
Lakefront Utility Services Inc.
